CREATIVE CONVERSATIONS

with **PHILIP MITCHELL**

FASHION *favorites*

It's our favorite time – we're bringing you a brand new "Creative Conversations" with the wildly talented [Philip Mitchell](#). Philip's approach

has been described as modern yet understated, ultra-sophisticated with ambiance and a refined color palette. We couldn't agree more! One of our favorite spaces of Philip's to date is his tasteful yet effervescent room he completed for the [2018 Kips Bay Decorator Show House](#). Take a peek below at our interview with the designer himself, and see more of his brilliant interiors. Happy reading!
